

Electric Room New York

**Address**

355 West 16th Street (Dream Downtown)

Contact Person**Mobile Number****Email**

phdoffice@taogroup.com

The Electric Room is located on the lower level of Dream Downtown. The intimate room accommodates approximately 100 people and features a full bar servicing high-end spirits and speciality cocktails. The room has a distinct cool Britannia feel with sofas featuring the Union Jack Flag. Custom back-painted antique mirrors by artist Chris Stain adorn the banquette wall, as well as photography and artwork by Sante D'Orazio and Marilyn Minter, while two gothic-inspired chandeliers provide intimate lighting.

This club attracts night owls who love the British festive atmosphere for unbridled evenings between underground independent music and other emblematic themes. It is 17 minutes north of downtown Manhattan.
