## Sport Event Management Software

KombatLink is a revolutionary, global eSports network that connects gaming enthusiasts across the world. Our tournament platform with in-built user-friendly tools is fully geared up to handle the technicalities of hosting eSports tournaments for wide-ranging clients.

### Powerful tools for tournament organizers

Every eSports tournament organizer knows that time is money. From scheduling events, managing sign-ups, creating tickets, tracking members to running the tournament, there is a lot on your plate that places a heavy demand on your time.

KombatLink is a tailor-made solution that helps free up your precious time, which means you can focus on your core activities. We offer a scalable and streamlined tournament platform with user-friendly tools that ensure end-to-end management of your online events.

## Event Ticketing System Comparison

Our automatic bracketing resizing tool, streamlined sign-up and ticketing management tools save you considerable time and effort. Leave the technicalities to us while you enjoy a higher success rate with your eSports tournaments.

### Create beautiful event tickets with a streamlined digital ticketing system

Event tickets do not just permit entry to tournaments; they also act as your brand ambassadors! Our streamlined digital ticketing system helps create beautifully designed event tickets that showcase your brand. Embedded QR codes on the tickets enable easy scanning and printing, adding to the overall user experience.

### Rich eSports experience for players

KombatLink offers players many ways to boost their eSports experience. Form your own teams and enjoy throwing challenges against other teams. You can also use our platform to search for local tournament events hosted by organizers.

### A tailored platform for influencers

Engage with your fans and followers and grow your influence with our tournament management platform. As a successful influencer, you have worked to gain the trust of your eSports fans. No matter what channel you use for running your tournaments - Twitch, YouTube, Discord, or others - leave the management to us. When you partner with us, we take over the sign-ups and keep track of your members, so that you can focus on engaging with your fans.

### A free tool to boost brand exposure

Are you looking to gain maximum exposure for your new product on the eSports community? KombatLink offers an ideal tool for organizations looking to gain traction on their products. Use our free tournament management platform to test your product or obtain feedback from the target audience. Gain optimal brand exposure by showcasing your product to the fast-
